

Sports Condition Guide

Grading Overview

Grading Criteria: (e)Bikes

AA

Visual Condition:

- Like-new appearance, no visible scratches, dents, or marks—indistinguishable from new even when viewed from close range (approx. 30 cm).
- Paintwork and surfaces in flawless condition across the entire product (frame, body, housing, etc.).
- For items with screens (e.g. e-scooters), display is spotless and functions perfectly, no visible scratches when powered on.

Wear Parts / Components:

- All wear-sensitive parts (e.g. crank, chain, grips, saddle, pedals, brake pads, resistance mechanisms, racket strings, ski edges, etc.) are new or unused.
- Accessories and add-ons (e.g. baskets, bottle holders, footrests) are in like-new condition.

Functionality:

- The product performs exactly like new, thoroughly tested, serviced, and professionally cleaned.
- Zero functional compromises across electronics, mechanics, and structure.

Battery Condition (if applicable):

- Battery capacity at 95% or higher.
- Fully tested and certified for performance and safety.

A

- Not more than light scratches on the frame, small paint defects, small optical defects on the frame. No defects visible from 1m away.
- Add-on parts, crank and chain (like) new.
- Battery capacity 90% or higher.
- Works like New.
- Cleaned.
- Fulfills all legal requirements.

Sports Condition Guide

Grading Overview

Grading Criteria: (e)Bikes

B	• Visible scratches on the frame, paint defects, optical defects on the frame. • No defects visible from 2m away. • Add-on parts, crank and chain new or minimal wear. • Wear and corrosion minimized by good maintenance. • Battery capacity 70% or higher. • Works like New. • Cleaned. • Fulfils all legal requirements.
C	• Clearly visible scratches on the frame, paint defects, optical defects on the frame. • Add-on parts, crank and chain show signs of use. • Wear and corrosion minimized by good maintenance. • Battery capacity 60% or higher. • Works like New. • Cleaned. • Fulfils all legal requirements.

Sports Condition Guide

Grading Overview

Grading Criteria: Gym Equipment

A

- The equipment has been well maintained and there is enough sole and edge Product works perfectly and was professionally checked and cleaned.
 - The product may show minimal, visible signs of use. No defects visible from 1m away.
 - Works like New.
 - Cleaned.
 - Fulfils all legal requirements.
-

B

- Product works perfectly and was professionally checked and cleaned.
 - The product may show slight, visible signs of use. No defects visible from 2m away.
 - Works like New.
 - Cleaned.
 - Fulfils all legal requirements.
-

C

- Product works perfectly and was professionally checked and cleaned.
 - The product may show clearly visible signs of use. Wear minimized by good maintenance.
 - Works like New.
 - Cleaned.
 - Fulfils all legal requirements.
-

Sports Condition Guide

Grading Overview

Grading Criteria: Winter Sport Equipment

A

- The equipment has been well maintained and there is enough sole and edge left for many more seasons.
- Top sheet with no obvious scratches from 0.5m distance.
- Bindings with no obvious discoloration or scratches from 0.5m distance.
- Sole perfectly filled, structured, and waxed. Edge sharpened.
- Works like New.
- Cleaned.
- Fulfils all legal requirements.

B

- Enough sole and edge left to allow new maintenance cycles.
- Scratches and snags on the top sheet, no impact on performance.
- Bindings may be scratched or discolored.
- Sole perfectly filled, structured, and waxed. Edge sharpened.
- Works like New.
- Cleaned.
- Fulfils all legal requirements.

C

- Not a lot of sole or edge left to allow new maintenance cycles.
- Top sheet with several large tears who deteriorate silkscreen printing,
- with no influence on the performance of the equipment.
- Bindings may show larger and more numerous signs of wear, with no deterioration of safety.
- Sole perfectly filled, structured, and waxed. Edge sharpened.
- Works like New.
- Cleaned.
- Fulfils all legal requirements.
